

LOCAL INTELLIGENCE.

WORKING men are badly needed here just now, and will be for a long time to come. But very few idlers can be found here, and the farmers almost poster the life of the few "gentlemen of leisure" left in town, with appeals to go to their ranches and work for \$75 and \$100 per month. Good miners are also in demand. Yavapai county is a paradise for a laboring man.

BORN LUCKY.—Our citizens will not fail to recognize a certain young gentleman named Robert Lord, who used to circulate in these parts as a Lieutenant in the Federal Army, and they will also recognize that he went to San Francisco, resigned his commission and enlisted as a high private in an artillery regiment. We had forgotten all about the fascinating Robert, until, the other day, somebody startled us with the information that he is now Captain of Artillery! "Some men are born great, others achieve greatness, and still others have greatness thrust upon them." Who'd 'a thought it, Robert, my lad? But Boston is a great place to come from.

MORTIMER & DENNISON, livery-stable keepers of this place, talk of erecting a new building for a stable, on Montezuma street.

CAPT. HARGRAVE, Peter Harvey and others started for the Bully Buco mill recently.

THEODORE OTTO, the man who shaves everybody, is preparing to build a new house for a barber shop and bath-house.

GRAY & Co. despatched a lot of provisions to their mill at Big Bug, the other day. We understand that is the intention of the Company to commence operations at an early day.

LIVERY STABLE.—In speaking of the Arizona Hotel, of Wickenburg, last week, we forgot to tell our readers that, in connection with the house is a good stable, where animals are fed and attended to in a proper manner.

DR. HOWARD, Mr. Alexander, Mr. Moore and Governor McCormick, arrived here from Wickenburg Sunday evening last.

MR. WM. CORY took the Prescott mail to Wickenburg, and brought the California mail, last week. Cory is fast as lightning and must have imparted his spirit to the mail mules, for he made very fast time.

RECOVERING.—Dr. Howard, who arrived here from Wickenburg, Sunday evening last, in a very weak condition, is gaining strength. He is now able to walk about.

GONE TO THE FRONT.—Mr. J. P. Osborn came up from his ranch on the Agua Frio last week, loaded into a wagon his wife, children, household furniture, etc., and put out for his new home, about thirty miles east of Prescott, in a delightful valley of the Agua Frio. The frosts of many winters have fallen upon the old couple, since they were children in the original "Dark and Bloody Ground," and now, when their hair is whitened, their children grown and growing up, they are still to be found in the van of civilization—in this second "Dark and Bloody Ground," surrounded by their offspring. May their lives be long and happy in their new home, and may God preserve them from the arrow, the lance, the knife and the bullet of their watchful enemy—the Apache.

FROM LA PAZ.—Saturday last, the trains of Messrs. Jones and Werninger arrived here from La Paz, with supplies for Government, which were unloaded at Fort Whipple. The wagons were re-loaded with lumber for Wickenburg, and took the back track Tuesday last.

GONE TO CALIFORNIA.—Sam Chapin and Bob Williams, old residents of Yavapai county, started for California Monday last. Mr. Williams will return here soon, with his wife, mother, and some other relatives.

Geo. W. BOWERS, one of our most enterprising citizens, purchased, recently, from Mr. Sam Chapin, his ranch and crop, below the Rocks on Granite Creek.

WILL START A HOTEL.—Our worthy pioneer friend, Joseph Ehle, will, it is said, soon open the Montezuma Hotel in this place. Good, for Joseph? A good hotel is needed in Prescott, and we hope he will keep one and get lots of cash subscribers for his square meals.

MAJOR MONTGOMERY, of Wickenburg, informs us by letter, that the Pima Indians who lately recaptured some of Mr. Chapman's mules from the Apaches, or some other hostile Indians, refused to give the mules up unless they receive \$200 apiece for them. This, we think, must be a mistake, as letters from Camp McDowell inform us that these mules were taken from the Indians who stole them, by the command of General Alexander.

MAJ. CLENDENIN and Dr. O'Reilly arrived here Thursday last, from Camp McDowell. The Major, who is commandant of Fort Whipple, went down there to attend a court-martial. Dr. O'Reilly will, we understand, be stationed at Fort Whipple.

A slight "unpleasantness" occurred the other day between John Roberts and some Mexicans, on Granite street, which, we are informed, resulted in John's making the Mexicans beat a hasty retreat. A shot was fired out of a revolver, and we believe John is under bonds to keep the peace.

THOMAS SANDERS, of Miller's Valley, while riding on horseback from town to his home, Sunday evening last, was thrown from his horse and had one of his legs broken.

JAS. MONTGOMERY informs us that on Wednesday evening last, as William McCloud, of Walnut Grove, was returning from a hunt in the vicinity of Lynx Creek, he chanced to hear a party of Indians conversing close to him. William got out of there as quick as possible, and arrived in town with his meat late at night. Look out for red-skins; they are around.

MR. E. A. BOULET, of the Toll-Gate, on the Prescott and Hardyville road, has our thanks for a nice lot of potatoes grown by him this year. They were large and fully as good as the best potatoes grown in this vicinity.

SUNDAY evening last, our brother typo, Charles Beach, was unfortunate enough to lose \$130 in greenbacks, between the store of Wormser & Co. and the post office. Mr. Beach informs us that after dark, he left the store of Wormser & Co., and started for the post office, to pay the Postmaster some money in small gold bars, which he carried in his vest pocket, with the greenbacks.

After handing over the bars to the P. M., and returning to the store, he missed the greenbacks, started back to hunt them, thinking he might have dropped them in the post office, but did not succeed in finding them there. Early next morning, he made another hunt for them, but failed to find them on or near the trail. The money belonged to a discharged soldier, for whom Mr. B. was taking care of it, and of course Charles had to return it out of his own funds.

THANKS.—Our partner wishes us to return thanks to Mr. R. E. Farrington, for recent valuable donations of farm products. On a recent Sunday, himself and wife, for our part is a married man, took a trip down Granite Creek to Mr. F.'s place, and received the kindest treatment from Mr. and Mrs. Farrington. He took a stroll over the ranch, and tells us that in no country has he seen a better patch of potatoes than the eight or ten acres belonging to Mr. Farrington. Rufus is, we believe, the oldest ranchman in this section, he having settled upon Granite Creek in '63. May his shadow never grow less, and may he live long enough to be surrounded with a numerous progeny of little Farringtons.

FROM WALNUT GROVE.—Messrs. Henry and Burger, arrived from the Grove Thursday evening last. They report everybody and everything well in that settlement.

NO FROST.—As yet we have had no frost, although it rained heavily Monday night last, and the past week has been quite cool. Most of the corn is now out of danger, and Jack Frost can come as soon as he pleases. Still, we are not very anxious to behold him.

LYNX, Shapp and Brook, worked, recently, in Walker's District, sixty tons of refuse rock which yielded somewhere in the neighborhood of \$30 to the ton.

JACKSON & Co. have started work on a three acre reservoir on Lower Lynx Creek. The last run made by the Company paid \$13 per diem to the man. Pretty good.

REVIVAL AT THE BEAR-PEN.—Wednesday evening last, the classic retreat known as the Bear-Pen, was the scene of great hilarity, joviality and affection. Under its roof were assembled quite a number of "pre-historic" Arizonians, who appeared to be in high spirits. Two gentlemen who had been separated for years accidentally met each other in Prescott on that day, and with a few jolly friends, retreated to the old institution, talked over the olden times when they were members of the California Legislature, drank to old long eyes, and enjoyed themselves to their heart's content.

FAREWELL PARTY.—Thursday evening last, a goodly number of the ladies and gentlemen of Prescott, assembled in the Hall of the Elysian Club, and had a right good time of it. The object of their assembling was to do honor to an old and popular citizen, Mr. E. Darling, of the Pioneer Drug Store, who is on the eve of departure to his native State, Massachusetts, to see the "old folks at home." Sickness prevented us from attending the party. We wish our friend Darling a safe and pleasant voyage, and a speedy return to Prescott in company with a better half.

ALMOST A DEED.—The other day, two citizens of this town quarreled. Next morning, one of them sent the other a challenge to meet him in mortal combat, but the challenged party could not see it, and the fight did not take place. The disputants are married men, and it would, no doubt, have tickled some of our old bachelors to have two more widows thrown on the world. Married men, take example from your wives; fight with your tongues, and let young bloods use dreadful six-shooters and bowie-knives.

SERMON.—Mr. T. H. Head will read a Sermon of Dr. Chalmers on next Sabbath, at 3 o'clock p. m., at the Court Room.

GREAT FLOOD IN PIMA COUNTY.

THE GILA ON A BIG BENDER.
STORE-HOUSES, INDIAN VILLAGES AND RICHARD'S FLOURING MILL DESTROYED.

SEVERAL HUNDRED HEAD OF CATTLE DROWNED.

LOSS NEARLY \$50,000.

Persons who arrived here recently from Pima county, in this Territory, say that the most terrible rain-storm and flood ever witnessed by whites in this Territory, occurred there early the present month. The rain commenced pouring down on the morning of the 7th inst., and continued to descend until the morning of the 11th. The Gila was over four miles in width, and destroyed everything with which it came in contact. At Sacaton, a large Adobe store-house and 75,000 lbs. of grain, belonging to Geo. F. Hooper & Co., of Arizona City, was destroyed.

At the Pima Villages the destruction of property was still greater. Three Indian villages were completely demolished. Richard & Co.'s first-class flouring mill, store-houses filled with grain, corn, etc., were tumbled in one vast pile, and completely ruined. The loss at the villages is said to be upwards of \$30,000. For miles along the river, there were camped families of Texas immigrants, who suffered severely from the long continued rain. Hundreds of cattle were drowned in the flood, or smothered in the mire. Old Indians say that it is 60 years since anything like it occurred and it is to be hoped another such fearful visitation of storm and flood will never again occur.

We greatly fear that this great flood destroyed more property than that destroyed by it at Pima and Sacaton, but hope that the ranches and settlements lower down the river escaped. Arizona City, which is on the Colorado river at the mouth of the Gila, may have been flooded, but we hope not. Next mail will bring us the news from the Lower Gila.

Read the able article which we publish on the outside of to-day's paper, on the "Apache Race."

AN ABLE SPEECH.—Every citizen should read the speech delivered by U. S. Senator Casserly, of California, in San Francisco, recently. Our Democratic contemporaries speak very highly of it.

PATNEY MARLEY is at Green River City, Wyoming.

JAMES PENNINGTON, an old and esteemed citizen of Pima county, was murdered by Apache Indians, near the Mission of San Xavier, in that county, on the evening of August 27th. Mr. Pennington was one of a noble family of pioneers who settled in Pima at a very early day, and his death is much regretted by the old citizens of the Territory. He was the only support of an aged father and some sisters. May a just God grant us power some day to get even with the murderous savages.

FAVORS.—W. G. Poindexter, of Yuma county, will please accept our thanks for a copy of a political pamphlet, by J. R. McConnell, of California, entitled "The Crisis." We have not had time to look over it, but presume it contains sufficient facts and logic to convert thousands of our erring Radical brethren.

Bancroft & Co., publishers, San Francisco, have sent us a pamphlet on "Vaccination, Revaccination, Inoculation, etc.," by S. F. Elliott, M. D. It imparts a great deal of valuable information upon small-pox matters.

MISS SARAH MCGINLEY, was, at latest dates, drawing crowded houses in Silver City, Idaho. The old man was with her, and the Idahoans appeared to be "stuck" after the whole family. Sallie has been the recipient of sundry valuable presents.

PHILIP SICKEL, for many years a prominent and esteemed citizen of Los Angeles, died at San Francisco, on the 6th inst.

GOON.—The Radical scheme to disintegrate, split and hack Texas into four States is not likely to succeed, as the Convention which recently assembled at Austin opposed it, and will not again undertake to accomplish the job unless Congress forces it to do so. Another set-back to Radicalism.

Some one has got up the following parody as indicative of the love of the radicals for the negro:

I know not, I ask not,
How much you can tote;
I know that I love you,
Because you can vote.

THE Radicals of Nevada talk of electing Wm. Sharon, of the Bank of California, Virginia City, to the U. S. Senate from that State.

IMPEACHMENT Ashley has been re-nominated for Congress by the Republicans of the Tenth District of Ohio.

LET us pity the sorrows of the poor white men who reside in Arkansas. The laws passed by the Radicals and negroes are very binding and grinding upon poor white trash. In fact the white people of Arkansas have now no rights which a darkey or a Hessian is bound to respect.

It is said that one half the children who enter and labor in Massachusetts factories die before arriving at the age of 18. Poor children! were they negroes, Butler and Sumner would do something to prevent this child-murder.

AN eastern exchange says: "The steamship *George Washington* arrived in New York, Aug. 7, in 5 days and 22 hours from New Orleans; this passage has never been beaten by any other screw steamship except by herself on a former trip, which was made in 5 days and 18 hours."

If our memory serves us, the *Star* of the South beat the above time in '64 or '5. At any rate, when a boy, the "Star" was our favorite screw steamship, and we remember hearing the old folks brag about her swiftness while watching her as she sailed majestically past Government Wharf, on her way to her berth at the foot of Girard street.

SMALL-POX.—The San Francisco *Call* says: "During the month of August, one hundred and thirty cases of variola were reported at the Health Office. During the same month sixty deaths, caused by the disease were reported."

THE Freedmen's Bureau concern has cost the white tax-payers of the country \$15,000,000, a sum sufficient to build another Pacific railroad, and subdue the Indians.

PROFESSOR AGASSIZ, Senator Conklin and a batch of Republican snappers are on their way from the east to San Francisco.

A Boston dispatch of Sept. 2 says: The Democratic State Convention met at Faneuil Hall today. Over eleven hundred delegates were present. John Quincy Adams was nominated for Governor.

It is announced that after the first of next month, passengers from New York to San Francisco will be put through in 10 days.

CHANGE OF BASE.—The Dutch Flat (California) *Enquirer* has been removed to Truckee, Nevada.

WEDNESDAY, September 9th, was the 18th anniversary of the admission of California into the Union.

An exchange says that the Postmaster at New Orleans has stolen \$40,000, and been turned out of office. He should have been turned into the Penitentiary.

THE trumpet blast of the Democracy—a general blare!—*Radical paper.*
Trumpet blasts of the Radicals—a general bray and a general grunt.

THE house of Mr. Bowland, of San Bernardino, California, was entirely destroyed by fire on the night of the 9th inst. The *Guardian* says the loss is about \$800 or \$900.

At Flemingsburg, Kentucky, a short time ago, a thousand persons were assembled under a circus tent, when a wind and rain storm of great fury set in, which set canvases, people, bears, lions, elephants, and other critters in motion. The people jumped on each other, the beasts howled furiously, but strange to say nobody got mowed, squashed, chewed or clawed.

FELLOW CITIZENS OF YAVAPAI.—Your ears for a moment. Not for the purpose of cutting them off, but to tell them the fact that E. J. Cook's Adobe Store is now filled with choice groceries and provisions, fashionable clothing, nice ladies' goods, glassware, crockery and everything that can possibly be required to meet your wants, and the beauty of the thing is, he avers (Mr. Cook never swears; his salesman, Geo. Reed attends to that part of the business), that he is determined to sell goods cheaper than any other trader in Prescott. Call at the Adobe, see how neatly things are arranged by Mr. Reed, examine his goods, and our word for it, you cannot resist the temptation of buying something from him—he is such a nice pleasing gentleman, and so polite to ladies and gentlemen.
